PUBLIC COMMENTS – No comments

OLD BUSINESS

1. The pump at Silveira is working well and we will consider ordering a 2nd one. Leaves have been a problem as well as inappropriate things put into the sewer system by customers.
2. Discussion about the reason for the letter to customers regarding diapers and other foreign objects being flushed into the sewer system because another drain was plugged, so we will check the storm drain.
3. Discussion regarding the reminder that all Board Members must file form 700's but the new filing system is very difficult, and the Board Members have been trying to support each other in completing this requirement but have been hitting roadblocks all along.
